An overview the Magnorail System by MagnorailOz

Welcome to the Magnorail Family

Having purchased your Magnorail Starter Kit you are on the way to creating a piece of magic on your layout or diorama.

The Magnorail System was invented by Loek Bronkhorst over 10 years ago. Loek and his fellow inventors David Hoogvorst and Arno Otten developed and refined the finely engineered component track parts and bicycles that comprise the system of the excellent product you have purchased today.

A full record of the history can be downloaded from our website https://www.magnorailoz.com.au/uploads/1/1/5/6/115689279/magnorail_story_.pdf

Having made the decision to purchase a Starter Kit it doesn't end there from MagnorailOz's perspective.

“You are not alone!”

MagnorailOz offers free consultations via email if you want advice or have an idea that you want to run past someone. It is amazing what people think up when given a creative tool like the Magnorail System.

Our website also has a Frequently Asked Questions page (FAQ's) where you can find answers to questions that may arise as you progress with your construction and commissioning of your Magnorail system.

The many videos on our YouTube channel have a range of instructional movies from basic construction methods, installation of tracks and chains, as well as modifications of the Ready To Run Bicycle range plus other readily available vehicles and items from the internet or hobby shops.

Once you have completed your layout or diorama send us a photo or short video with an explanatory note as to how you achieved your magical addition of the Magnorail System. You are also eligible to be granted the title of *Magnorail Magician* and can read about the process to get certification at this page on our web site: <https://www.magnorailoz.com.au/magnorail-magicians.html> If your Magnorail concept is judged as exceptional, you may even be awarded the title of *Master Magnorail Magician*.

Enjoy your purchase and be prepared for looks of awe and amazement from family, friends and the public as Magnorail creates its magic on your layout or diorama.
